Hey all you crazy kids,

I know it's been a few months since I've been active, but the weather has suddenly taken a turn for the colder and that means **one thing**: get outside and make some Halloween.

I bought a sheet of 2" foam and carved me up a few new gravestones for the Boneyard. My three year old boy was a big help with the painting and weathering.

We also got a Budget Bart to flop somewhere. We pulled all of the weeds in the garden and stuffed them into his gaping chest cavity for added effect.

Here are a few photos, let me know what you think!

Celtic Tombstone and our Budget Bart skeleton, "Twitch". He has light up eyes and a quivering motorized jaw.
