

<http://www.howloweenqueen.com/>

For use with the very popular "Head in a Bottle/Jar" prop originally created by Derek Greenwood.

A fellow haunter, Ken Lager, has sent me some cool images of faces to use for this project, so that they are available to you all as well. Just right click on the picture to "save as" and download to your computer. Also, the internet has many images available, just Google for "face texture map" and you should come up with some.
