

# Chris' Home-built Halloween F/X Displays

<http://www.geocities.com/csolsen/4bar-skelly.html>

## 4 Bar Skeleton Popup

First decapitate the weak head, remove foam from spine, and jam 3/4" dowel up spine to hold body and attach new head

Attach the new head after you drill hole in it

Obtained from  
Omarshaunted.com

**Attach hinges on skelly**

Waiting to spring across the fence

Triggered

Triggered
