Toe Pincher Coffin III

Critical Tools of the Trade:

- Table Saw
- Circular Saw
- Square
- Drill
- Hammer
- Wood Glue
- 1" Dry Wall Screws
- 1 1/4" Deck Screws
- Saw Horses

The materials.

The project uses 15 - 72" 1" x 6" pressure treated fence panels. These can be purchased at Lowes and Home Depot. This is not the highest grade of wood. It is weathered and smells....PERFECT!!!!

Screws are a must. For extra support all of the pieces are glued using Wood Glue.

This picture is of all the cuts made.

Another picture is of the cuts made.

The bottom and top spread out on the floor.
