Pizza Delivery Man

While the kids are walking up to the door, a pizza delivery man pulls quickly into the driveway, hopping out, and hurrying up to the door with a pizza box in hand. As he joins the kids waiting for the occupant to open the door, he removes his mask or make-up that made him look like an ordinary person, and underneath is the face of a hideous corpse. The pizza man now drops the pizza box, and begins going after the trick-or-treaters shouting, "I love the taste of the little ones" in a horse deep voice.

The challenge here is to get the phony face to look real and the make-up or mask underneath it to look like a ghoul. Wear gloves over fake monster hands for even greater effect. Remove the gloves after dropping the pizza boxes. Sorry, no coupons accepted by this guy. This effect works best with a surplus pizza delivery uniform available at many thrift stores. You can also use a latex pizza covered with body parts from a Halloween shop.
