

Bucky Bones!

<http://www.rjsoap.com/bucky.html>

This is the bucky as it arrived in the box from the Anatomical Chart Company. AKA: Bone Yard Bargains www.boneyardbargains.com Well, I did remove the packing material...

Mr. Bucky hangin' in the garage.

10 lbs of bones, as it arrived all wrapped up!

Sorted bones.

Holden in the boneyard, making skull caps float in mid-air with his mystical powers.

Aging the bones is a rather easy process. On the right is a tiny femur bone that has not been touched. On the left is the same bone touched up with MinWax Gel. Simply wipe it on, wait a few minutes, and wipe the excess off. What you see here is #605 Mahogany. You can use other colors, but I'll stick to the Mahogany!
